Items of Interest to WSNA:

1. Fiscally, NASN has continued to be hit with the downturn in the economy. Currently they will be approx. \$800,000 over budget, but are certain that various Grants will cover the shortfall.
2. Registration for Chicago has surpassed previous years at this time, and vendor commitments have far exceeded last year's attendance. Continue to sign up and make your hotel reservations as soon as possible.
3. Continue to look at the NASN web site for many on-line CEU's and important Board information.
